

Capri Millenium
Caprilarge Millenium
Caprilow Millenium
Hannes Wettstein | 1999

Capri Millenium is a precise idea: function perfectly expressed.

Armchair with removable cover with cushion and reclining back. Five swelling castors, two in front and three in the back. Rubber castors covered in polyurethane. A pair of die-cast aluminum feet are available only upon request as an alternative to the frontal castors.

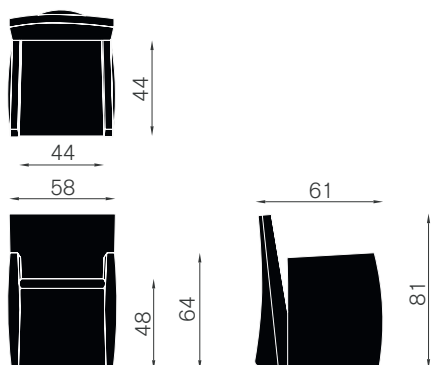

Materials:

Structure: structure in tubular steel

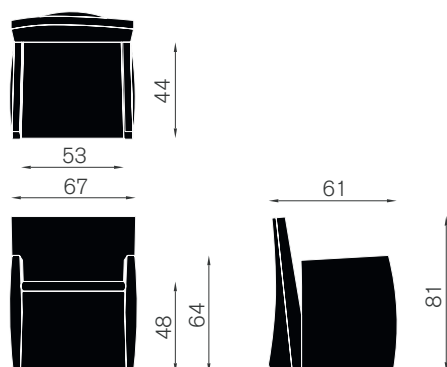

Padding: flexible polyurethane, cold-processed without CFC.

Covers: fabric, synthetic material, leather, customer leather or customer fabric.
